

case study

new office is the pride of Albyn Place, Aberdeen

Furnishings:

- Sebastien Office Furniture
- HAG Seating / Giroflex Seating
- Table Portfolio Boardrooms & Meeting rooms
- Colebrook Bosson & Saunders Monitor Arms & Processor Cradles
- Flexiform Steel Storage
- Form Fittings Cable Management.

The decision was taken to relocate to a larger office still in Albyn Place. After they had completed the task of upgrading the building it was down to furnishing the facility

The task ahead was colossal but what at first appeared a daunting task was easily achieved with the help of the architect, Space Solutions.

One of the reasons BG Group chose Style as the supplier is simple—they knew from other people of Style Office Solutions capability and its reputation for delivering a reliable service.

Style were responsible for furnishing the reception area, main offices, single offices, meeting rooms and boardroom and breakout areas.

BG Group is a dynamic and growing business with operations in 20 countries over five continents. A leading player in the global energy market, and an ever growing head count in the Aberdeen office meant a larger building was required.

case study

In total 105 Sebastien Indulgence workstations were installed in conjunction with Sebastien System III+ screens, Flexiform steel storage with timber top to match desk surface.

The desks more than met all the requirements for the IT department who requested the desks to be fully cable managed with power, and that they also have pre-fitted a processor cradle and monitor arms to suit flat panel monitors. As an extra the workstations were also fitted with a twin power pod on top of the desk to alleviate any problem of people crawling under desks to power mobile telephone or laptops.

Visually the desks soft curves create a welcoming, relaxed feel to the office. This is as opposed to the traditional rectangular desk which can appear stark. Sebastien Indulgence range improves the quality of the offices with the maple finish further enhancing the feeling of space.

"Style Office Solutions worked closely with the Architect Space Solutions who offered professional planning and design consultancy throughout all stages of the operation" enthused Annette Siddle. "This all made for an incredibly trouble-free installation which was a pleasure to work on."

"The new location is brilliant. The building itself has a unique glass reception entrance and the interior continues in the modern vein of the exterior."

"The current working situation is a million miles away from what was before a difficult, cramped and somewhat stressful environment. Now, everyone is far more relaxed and comfortable, we can enjoy being a big team and reap the benefits of our combined strengths".
