### Furnishings:

Micropack wanted to move from its temporary portacabin office to a new state of the art building nearby, to create a more modern, stylish office for its staff.

After a tendering process and hosting a showroom visit, Micropack chose Hawk Office Furniture Giorgio range because it was stylish, flexible and incredibly robust. This was complimented by meeting room tables from Table Portfolio and seating from Nomique and GGI.

The desks and tables were ordered in 25mm Ash finish and silver frames which complimented the silver Flexiform steel side opening tambour units.

Paul Tosh, sales manager for Style Office, remarked "We were delighted when Micropack selected us as the supplier of office furniture. The versatility, quality and durability of the Hawk range meant we could offer Micropack a complete office furniture solution for any requirement they had".

Raymond Hynds Managing Director, commented: "Style Office has provided a good range of products and has delivered them to the agreed specification and on time".
